ISPOR 2022
6 – 9 November 2022
Vienna, Austria

iMTA Booth: X1-300 (near entrance 2)

PODIUM SESSION

Date and time November 7th, 2022: 10:45 – 11:00 hours
Session 110 Incorporating Informal Care Considerations in HTA
Title **Informal Care Costs According to Age and Proximity to Death to Support Cost-Effectiveness Analyses**
Presenter Irene Santi

Date and time November 7th, 2022: 13:30 – 14:30 hours
Session 122 **Analytic Methods for the Effectiveness of Immunotherapies in Oncology**
Moderator Maureen Rutten-van Mólken

Date and time November 7th, 2022: 16:30 – 17:30 hours
Session 147 **Improving Accuracy, Validity, and Uncertainty of Simulation Models**
Moderator Isaac Corro Ramos

Date and time November 8th, 2022: 13:30 – 14:30 hours
Session 227 Does the Choice of Cost-Effectiveness Model Approach Matter?
Title **One Size Does Not Fit All: Calculating the Cost-Effectiveness of Multiple Indications of Pembrolizumab in the Netherlands**
Presenter Florentine Verbeek

Date and time November 9th, 2022: 10:00 – 11:15 hours
Session 317 **Developments in the Use of Health Economics and Outcomes Research to Improve Enrollment and Retention in Clinical Trials**
Moderator Maureen Rutten-van Mólken

ISSUE PANEL AND FORUMS

Date and time November 7th, 2022: 11:45 – 12:45 hours
Session 115 **How Can We Make Patient Preferences More Useful to Decision-makers in Health? Final Recommendations from the ISPOR Good Practices Task Force**
Moderator Esther de Bekker-Grob

Date and time November 7th, 2022: 16:30 – 17:30 hours
Session 144 **Is There Large Underused Potential in Using Genetic Tests to Better Stratify Patients to Established Therapies?**
Presenter and Moderator Maureen Rutten-van Mölken

Date and time November 8th, 10:15 hours – 11:15 hours
Session 205.1 **Towards a Broader Patients' Perspective: The Theory and Practice of Socioeconomic Impact Research**
Panel Valesca Retèl

Date and time November 8th, 2022: 15:00 – 16:00 hours
Session 235 **Structured Expert Elicitation for Healthcare Decision Making Emerging Good Practices Task Force Preliminary Findings**
Presenter Maarten IJzerman

Date and time November 9th, 2022: 10:00 – 11:00 hours
Title 308 **Addressing Equity Challenges in Genome Sequencing: What Can Health Economics Contribute?**
Panel Maarten IJzerman

BREAKOUT SESSIONS

Date and time November 7th, 2022: 13:30 – 14:30 hours
Session 128 **Real-World Data at Scale: How Machine Learning Can Enable Learning from All Patients**
Discussant Maarten IJzerman

Date and time November 7th, 2022: 16:30 – 17:30 hours
Title 146 **Expanding the Toolbox for Preference Elicitation Beyond Discrete Choice Experiments**
Discussant Jorien Veldwijk

TASKFORCE

Date and time November 8th, 2022: 15:00 – 16:00 hours
Title **Structured Expert Elicitation for Healthcare Decision-Making Emerging Good Practices Task Force Preliminary Findings**
Co-chair Maarten IJzerman

POSTER PRESENTATIONS

Date and time November 7th, 2022: 09:00 – 12:30 hours
Session EE74 Economic Evaluation
Title [Costing for Socioeconomic Impact Analysis: Implications of Adopting a Patient's Perspective](#)
Author iMTA/ESHMP Valesca Retèl

Date and time November 7th, 2022: 09:00 – 12:30 hours
Session MSR23 Methodological & Statistical Research
Title [Health Economic Evaluations Alongside New Clinical Trial Designs – Results of an international Expert Panel Workshop](#)
Author iMTA/ESHMP Valesca Retèl

Date and time November 7th, 2022: 10:00 – 13:15 hours
Session EE114 Economic Evaluation
Title [Cost-Utility Analysis of Lung Cancer Screening Combined With Cardiovascular Disease and Chronic Obstructive Pulmonary Disease Screening](#)
Author iMTA/ESHMP Maarten IJzerman

Date and time November 7th, 2022: 10:00 – 13:15 hours
Session HTA10 Health Technology Assessment
Title [Carer Health-Related Quality of Life in National Institute for Health and Care Excellence \(NICE\) Appraisals: An Update of the Pennington Review](#)
Authors iMTA/ESHMP Valérie Wester-van Hezik, Ingelin Kvamme, Irene Santi, Job van Exel, Tim Kanters

Date and time November 7th, 2022: 10:00 – 13:15 hours
Session MSR6 Methodological & Statistical Research
Title [Data-Driven Choice Models for Moral Choice Analysis: Helpful or Harmful?](#)
Authors iMTA/ESHMP Nicholas Smeele, Esther de Bekker-Grob

Date and time November 7th, 2022: 15:00 – 18:15 hours
Session EE114 Economic Evaluation
Title [Cost-Effectiveness of TP53 and IGHV Biomarker Testing Prior to First-Line Treatment With Novel Agents for Chronic Lymphocytic Leukemia](#)
Author iMTA/ESHPM Maarten IJzerman

Date and time November 7th, 2022: 15:00 – 18:15 hours
Session PCR103 Patient-Centered Research
Title [Patients and Neurologists' Preferences for Remote Patient Monitoring and Artificial Intelligence to Improve Parkinson's Disease Management](#)
Authorss iMTA/ESHPM Carlos Godoy, Lytske Bakker, Carin Uyl-de Groot, Ken Redekop, Welmoed van Deen

Date and time November 8th, 2022: 15:00 – 18:15 hours
Session EE482 Economic Evaluation
Title [Costs of Newly Funded Proton Therapy Using Time-Driven Activity-Based Costing in the Netherlands](#)
Authors iMTA/ESHPM Judy Chen, Hedwig Blommestein, Carin Uyl-de Groot

Date and time November 8th, 2022: 15:00 – 18:15 hours
Session PCR183 Patient-Centered Research
Title [Does the Format of Educational Materials Impact Diabetes Patient Preferences for Glucose Monitoring Technology: A Randomized Study in Two Countries](#)
Authors iMTA/ESHPM Esther de Bekker-Grob, Maureen Rutten-van Mólken, Jorien Veldwijk

Date and time November 9th, 2022: 09:00 – 12:30 hours
Session EE583 Economic Evaluation
Title [Cost-Effectiveness of Dapagliflozin in the Treatment of Chronic Symptomatic Hearth Failure With Reduced Ejection Fraction in the Netherlands](#)
Authors iMTA/ESHPM Ingelin Kvamme, Gimon de Graaf, Valérie Wester-van Hezik, Martine Hoogendoorn-Lips

Date and time November 9th, 2022: 09:00 – 12:30 hours
Session HTA273 Health Technology Assessment
Title [A Health Technology Assessment of Three Personalized Nutrition Interventions Using the Eunetha HTA Core Model](#)
Authors iMTA/ESHPM Milanne Galekop, Carin Uyl-de Groot, Ken Redekop

Date and time	November 9 th , 2022: 09:00 – 12:30 hours
Session EE660	Economic Evaluation
Title	<u>Cost-Effectiveness of Personalized Nutrition Based on Omic Sciences in Adults With Abdominal Overweight or Obesity: A Within-Trial and Beyond-Trial Modelling in the United Kingdom and Poland</u>
Authors iMTA/ESHM	Milanne Galekop, Carin Uyl-de Groot, Ken Redekop
